## Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

**14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ On March 15, 2021, AQR Small Cap Momentum Style Fund acquired all of the assets and assumed all of the liabilities of the issuer solely in exchange for common shares of beneficial interest. Pursuant to the same plan, the issuer liquidated shortly after the transaction.

**15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ The acquisition of the issuer's assets is assumed to qualify as a tax-free reorganization under section 368(a)(1)(A). The aggregate tax basis of the common shares of AQR Small Cap Momentum Style Fund received by the shareholders of the issuer will be the same as the aggregate tax basis of the common shares of the issuer that were surrendered in the exchange, reduced by the basis allocated to fractional shares, if any.

Please see attachment for the exchange ratio of shares of AQR Small Cap Momentum Style Fund for every 1 share of the issuer.

Shareholders having differing tax basis with respect to the issuer's shares exchanged, should consult with a tax advisor in order to identify the tax basis of the particular common shares of AQR Small Cap Momentum Style Fund received pursuant to the transaction.

**16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The tax basis of the common shares of AQR Small Cap Momentum Style Fund received in the exchange is determined by dividing the aggregate tax basis of the shares of the issuer surrendered by the total number of common shares of AQR Small Cap Momentum Style Fund received (plus any fractional shares deemed to have been received) in the exchange.

The shareholders of the issuer who received cash in lieu of fractional common shares of AQR Small Cap Momentum Style Fund will be treated as having received such fractional shares in the transaction, and then as having exchanged such fractional shares for cash in a redemption by AQR Small Cap Momentum Style Fund. The amount of any gain or loss recognized as a result of such exchange will be equal to the difference between the ratable portion of the tax basis of the issuer's common shares that is allocated to such fractional shares and the cash received in lieu thereof.
